

Tuition Payment and Scrip Redemption for 2008-2009

The Scrip program at Presentation B.V.M. School has been a wonderful tuition savings program. Thanks to dedicated staff that runs this parish program parents have been able to help the parish and the school while saving money on their child's tuition!

The scrip credit will still be applied to your tuition. To keep this program growing and convenient for all there are some deadlines for submitting your scrip redemption request.

The request for scrip redemption of credit to be applied to tuition must be submitted by the end the first week of the month and this credit will be applied to the tuition bill for the following month.

Example: Request for \$50.00 tuition voucher is made July 3rd. This \$50 voucher will be deducted from your August bill.

You may still request the voucher at any time but please realize that if the request is after the first week of the month it will be applied two months later.

Example: Request for \$50 tuition voucher is made July 21st. This \$50 voucher will be deducted from your September bill.

We strongly recommend you continue to use scrip and save on your tuition. Thank you for your continued support.
