

Philosophy

Presentation Preschool offers a program to meet your child's educational and spiritual needs. Early childhood is a journey to be traveled at one's own pace. Young children are encouraged to grow through a variety of rich educational experiences that stimulate the child's desire to learn. In a warm, caring, risk free setting the students are nurtured to develop a positive self image and a respect for others, as well as a wonder and curiosity of the world. A successful early childhood experience lays the foundation for the formal academic programs in their future. Presentation B.V.M. Preschool offers a smooth transition from the safe environment of home to the welcoming environment of school. Our faith-based program offers a developmentally appropriate path to become a life long learner!

A message from our principal

Choosing a preschool for your child is a first step in their educational experiences outside of your home. Finding a caring environment rich in developmentally appropriate activities is very important. Preschool provides a foundation for their future educational experiences.

Our dedicated staff works together with our parents to foster an environment where each child can flourish and grow. Our many programs offer an opportunity for the child to discover and to develop their God-given talents.

We invite you to visit our school and to discover an atmosphere where the highest early childhood standards are utilized in nurturing the growth of each individual. I invite you to join our Preschool community and share in our Pres Pride.
